

NATIONAL CATHOLIC REPORTER

THE INDEPENDENT NEWS SOURCE

OUR CORE VALUES

We are called to:

SOCIAL JUSTICE

Shining a light on stories of injustice and inequality, especially for the disadvantaged and marginalized.

HUMAN DIGNITY

Promoting respect and honor for all members of the human family.

INCLUSIVENESS

Embracing the global family, its rich diversity and the sacredness of all creation.

EXCELLENCE

Striving to achieve the highest quality of journalism.

MISSION STATEMENT

The *National Catholic Reporter* connects Catholics to church, faith and the common good with independent news, analysis and spiritual reflection.

Having developed through the inspiration of the Second Vatican Council, our spirit is independent, our management lay, our vision ecumenical. We attempt to contribute to the Catholic conversation by supporting freedom, honesty, openness and shared responsibility within the *NCR* reader community, the communities in which we live, and in the church, and by promoting the vision of a pilgrim church intimately linked with humanity and its history. We realize our unique responsibilities as North American Catholic publishers, both in our own society and in the worldwide faith community.

From these perspectives, our biweekly newspaper reports and comments on the church in the modern world. Both our print and web publishing efforts foster an active, engaged spirituality in support of human dignity, social justice, environmental responsibility and world peace. As we dialogue within the Catholic community and with those beyond, we balance integrity and sensitivity, keeping an editorial vision that is both prophetic and reconciling — discerning the work of God's Spirit and also aware of human limitations.

We try, in all our management and publishing decisions, to evaluate carefully the needs of the faith community we serve and to respond effectively to those needs.

“National Catholic Reporter is a brave little newspaper”

NATIONAL CATHOLIC REPORTER

THE INDEPENDENT NEWS SOURCE

ABOUT NCR

The *National Catholic Reporter* is the independent Catholic newspaper that has covered events related to the church in the world since 1964. Inspired by the Second Vatican Council, *NCR* continues to meet the need for aggressive reporting of the religious dimension of the news and provides an open forum for reader discussion. Insightful articles challenge our readership of more than 100,000 who want to know the facts, yet want to form their own opinions as free thinkers in today's church.

NCR has won the Catholic Press Association's Award for General Excellence 15 out of the last 16 years. Our editorial staff includes Pulitzer Prize nominees and former writers for *TIME Magazine* and Religion News Service. We benefit from our relationships with a network of 200 writers and journalists, whose articles have also appeared in *The New York Times*, *U.S. Catholic*, *Sojourners*, *The Sun*, *Newsday*, *The Tablet* and *Christian Century*, among others. The *New York Times* has called *NCR* "a brave little newspaper." A Kansas City magazine referred to *NCR* as "the gutsiest newspaper in the U.S. — and maybe the world."

The Kansas City-based, lay-edited *NCR* is proud of its editors and writers and of its 50-year history. *NCR* first went to press in October 1964 during the Second Vatican Council. It was very much the "godchild" of the council — and was, indeed, part of the needed fresh air of which Pope John XXIII spoke when he announced the council a few years earlier. From *NCR*'s energetic beginnings, through its adolescence, it has now settled into adulthood with new confidence and purpose.

Shortly before he died, Cardinal Joseph Bernardin told *NCR*'s publisher that he viewed *NCR* as a "candle providing light during a long dark night." He added that it was our responsibility to make certain that the *NCR* candle would stay lit until the dawn. This is a responsibility that we feel blessed to take seriously.

DISPLAY AD SPECIFICATIONS

Revised August 2019

PREFERRED SOFTWARE APPLICATIONS FOR CREATING NEWSPAPER DISPLAY ADS:

Listed below are the best software programs that should be used to create your display ad for digital formatting using either a Mac or PC. We can accept your display ad by email or on disk.

SOFTWARE PROGRAMS TO CREATE DISPLAY ADS:

- QuarkXPress
- Adobe PageMaker
- InDesign
- Adobe Illustrator

FULL COLOR DISPLAY ADS:

CMYK is the process for “spot” or full color ads. See the rate card or talk to your account executive for full color and spot color rates.

BLACK AND WHITE DISPLAY ADS:

Black and white or grayscale images must be formatted as 100% black ink. Microsoft Word, Publisher, Works or PowerPoint cannot be used to create 100% black and white ads. (The black produced by these programs is a four-color black and would be read by the printer as a 4-color process black so you would be charged for a full-color ad.) To achieve an ad with 100% black font, the ad must be created using one of the software programs listed above. We check all black and white ads for 100% black ink.

DESIGN SERVICES:

We have a freelance designer who can create your display ad. Rates range from \$35 to \$150.

IMPORTED IMAGES: EPS, TIFF, JPEG

During the process of creating a display ad, images imported or placed into a display ad would be saved as a CMYK, grayscale or line-art (bitmap) image. Image resolution would be max 250 dpi for CMYK and grayscale images (photos, graphics with color or shades of gray) and 600 dpi for black and white line art (black and white only). Graphic images like logos or backgrounds downloaded from the Internet are not suitable for use in display advertising because the resolution of graphics saved from the web is too low (72 dpi) to provide the clarity needed for a print display ad. (They work fine for creating online ads, however.)

HELPFUL HINT: PAGEMAKER, INDESIGN AND QUARK FILES:

If you create the document in Adobe PageMaker, use the “Save for Service Provider” plug-in that will save a COPY of your original file and assemble and copy all the font files and graphic images you’ve used in a new folder. When using InDesign software use the “Package” command. QuarkXPress does almost the same thing with its “Collect for Output” command except it doesn’t collect the fonts used in the document; you will have to collect them separately.

DISPLAY AD FILE COMPONENTS REQUIRED WITHIN THE DESIGN OF THE AD:

- Font files, including fonts used in graphics, should be embedded into the design and file format or the printing press may substitute the font you used to design your ad with one that is the best possible match.
- Font names and ID numbers must match those used in your document.
- We prefer 250 dpi PDF files.

SUBMISSION OF DISPLAY ADS:

Display ads should be submitted in PDF file format. Please name your ad file for your own organization’s name and issue date. Display ads are due three weeks prior to the issue date. “Listing” display ads are due three weeks prior to the issue date. Email display ads to your sales representative.

NATIONAL CATHOLIC REPORTER

PRINT AND AD DESIGN CHECKLIST

1. Spelling
Make sure you do a final proofing of your ad to avoid misspelling and incorrect dates.
2. Set the image resolution to 250 dots per inch
Our printer requires that ad files be 200 DPI (dots per inch). If your image is at a lower resolution, it may be stretched to 250 DPI by our printer, which will result in a poor quality image.
3. Make sure your ad is the size agreed upon in your contract
Your ad may be reduced or enlarged to fit the ad space you requested. This can distort an image. Designing the ad to the correct dimensions will eliminate the need for resizing.
4. Color
Spot color should be set up as 4-color process. All black should be 100K. Do not send an ad in process black.
5. Microsoft programs
Microsoft programs like Word and Publisher will convert your file to PDF, but when it does it saves it in RGB format by default. All ads must be formatted as Gray scale (Black and White) or 4-color process (CMYK) which means manually selecting one of these settings before converting to PDF.
6. Fonts
When making a PDF file, make sure all fonts are embedded. If the fonts are not embedded, the file will not print correctly and substitute fonts will be used.
7. Create Outlines
Illustrator allows you to convert type to outlines (Select the type object, Choose Type > Create Outlines). If you do this you don't have to worry about fonts. However, once you create an outline you can't make corrections in the copy. Make an AI backup file first, save as an EPS and THEN create outlines in your EPS file. If you need to make corrections at any point, make them in your AI backup file and resave as an EPS file. Then convert type to outline again and remake into a PDF.
8. Rasterize your text
Photoshop allows you to rasterize your text, which eliminates the need to send specific fonts along with your files to the printer. However, wait to rasterize until after you're SURE you're finished editing the file. (Once you rasterize, you can't edit the text anymore.) Use a backup process similar to #7 above.
9. Photos/graphic images
If your ad contains separate graphic images these must also be CMYK or black and white and 250 dpi before they are placed. Before saving your file the images need to be embedded.
10. Save your file in the correct format
Your image file needs to be sent in a standard format. These include PDF, EPS, PS. Make sure your Acrobat Distiller's Default Setting is on High Quality Print before you make your PDF.
