Tom Gallagher | May. 16, 2009 NCR Today

Britain is ready for a new 'Catholic moment' says Stratford Caldecott & the Challenges of the New Archbishop of Westminster

Stratford Caldecott's [essay in The Catholic Herald](#) [1], while focused on Britain, could well be applied to the U.S.

Meanwhile, [an article in the The Times](#) [2](U.K.) about the new Archbishop of Westminster, Vincent Nichols, suggests that the new archbishop's task is that 'It's about values . . . about rediscovering the virtues?.'

These two articles are worth reading back-to-back.
