Dennis Coday | May. 19, 2009 NCR Today

Just received an alert from Pax Christi USA concerning Fr. Gerard Jean-Juste. The Haitian priest is seriously ill in a Miami hospital. The leukemia that Fr. Jean-Juste has battled for years is in remission. He is now suffering with bronchiectasis, an obstructive lung disease.

Pax Christi is sent a [Prayer alert for Fr. Jean-Juste](#) [1].

Followers of Bishop Thomas Gumbleton's homilies will remember the bishop talking about visiting Fr. Gerry in prison in Port-au-Prince [in 2004](#) [2], [in 2005](#) [3] and [in 2006](#) [4]

If you have a few minutes, peruse those links. It will give much to reflect on the rest of the day.

Some background on Fr. Jean-Juste [is here](#) [5].
