

## Lenten commentaries on farm workers

Rich Heffern | Mar. 15, 2010 NCR Today

[Interfaith Action of Southwest Florida](http://www.interfaithact.org) [1] offers a series of Lenten commentaries on farmworkers and their Campaign for Fair Food in the context of each week's lectionary. The commentaries are written by Florida clergy and offer the opportunity to reflect on each Sunday's readings and how they relate to efforts for dignity and justice in the fields. These are ideal for sermon preparation or individual devotional reading:
