The Bush Catholics

by Joe Feuerherd

NCR Today

There was a cadre of Bush II-era Catholics who had inordinate influence and questionable qualifications for the jobs they held under the 43rd president, among them former Special Counsel Scott Bloch. His was quite a case, **picked up here in paragraph three of this NCR story**.

If you want to spend a strange afternoon, google "Scott Bloch" and just see what pops up. Too weird for words.

In the meantime, the Federal government's actions **against Bloch appear headed for resolution**.
