

## Tax Cuts = \"Quack Medicine\"

Michael Sean Winters | Jul. 28, 2010 Distinctly Catholic

If anyone at the Post's op-ed page can be counted on to be fair, it is Ruth Marcus. So, [her article today](#) [1] on the ridiculous way Republicans support lower taxes no matter what the economic circumstances is a must-read. The takeaway line: "The economic and fiscal circumstances may change, but the prescription remains the same. And the patient is too ill to tolerate another dose of this quack medicine." I will be opining on the topic tomorrow.
