

Yahoo Watch: Catholic Key Blog

The [Catholic Key Blog](#) [1] attacks Senate Democrats, and especially Majority Leader Harry Reid, for the failure of the DREAM Act. They believe that Reid was wrong to attach the bill to a Defense Authorization bill that also included a provision regarding the repeal of "Don't Ask; Don't Tell." Of course, the actual vote last week - which every Senator voted against - would have permitted Senators to vote separately on the two provisions. Every Republican voted against bringing the bill to the floor. And that is Harry Reid's fault?
