

## 'One million electric vehicles on the road by 2015'

Rich Heffern | Jan. 31, 2011 Eco Catholic

"We can break our dependence on oil ... and become the first country to have one million electric vehicles on the road by 2015," said President Obama in last week's State of the Union address.

How far are we from this ambitious goal? The Sierra Club's blog *Compass: Pointing the Way to a Clean Energy Future* features an [article](#) [1] that will answer that question for you.
