Orrin Hatch & the Tea Party Minefield

by Michael Sean Winters

Politico has a great article about veteran Sen. Orrin Hatch and how he is trying to navigate the minefield laid down by the Tea Party. You can bet his friendship with the late Sen. Ted Kennedy, to say nothing of their co-authorship of legislation to deliver health insurance to children, will be the focus of the Tea Party attack on Hatch. You can also bet that the usually reasonable Hatch will become increasingly unreasonable on issues like immigration. A few years back, he co-sponsored the DREAM Act, but those days are gone.
