

More about the assault on the EPA and Clean Air and Water Acts

Rich Heffern | Feb. 23, 2011 | Eco Catholic

In an [interview](#) [1] by New America Media, Sierra Club chairman Carl Pope talks about the current attack in Congress on the EPA and by extension the Clean Air and Water Act.

For more on the current assault, read "[What's at Risk from the Industry's Assault on the EPA and Clean Air Act.](#)" [2] on the Natural Resources Defense Council's Web site. It details all of the public health standards that are currently under attack.
