

Fox News Strikes Out Again

Michael Sean Winters | Mar. 22, 2011 Distinctly Catholic

[Fox News suggested that CNN's Nic R \[1\]obertson](#) and other reporters had been used by Libyan dictator as a "human shield." This is, as Robertson has replied, nonsense. Robertson goes on to note that he sees the Fox News reporter at breakfast but not on tours of the capital city.

How many more lies does Fox have to perpetrate before they lose their right to be considered a news outfit?
