

## Mitt Romney's Intrinsic Evil

Michael Sean Winters | Oct. 29, 2012 Distinctly Catholic

I am beginning to think that Gov. Mitt Romney must enjoy lying. [Jonathan Cohn, at The New Republic](#) [1], reports on Romney's mistaken claim about Chrysler auto jobs being sent to China, and after Chrysler publicly corrected him, now he is running ads on the same theme. I will also say that his slur against "the Italians!" is repulsive and should cost him the votes of Italian-Americans. This is ugly, ugly - better to say, bruta figura.
