

Tablet Calls Out Anti-Semitism

Michael Sean Winters | Feb. 6, 2013 | Distinctly Catholic

The Tablet, the London-based international Catholic weekly where I have served as U.S. correspondent for a few years now, has [a fine editorial this](#) [1] week in which they call out anti-Semitism, and also attitudes that are close to anti-Semitism. Regular readers will know that few things alarm me more than the rise of anti-Semitic attitudes on the left. Hats off to the Tablet for calling it out.
