

Self-Referential? Exhibit A

Michael Sean Winters | Apr. 5, 2013 Distinctly Catholic

The new pope has indicated several times that he does not want the Church to be "self-referential." If you are not sure what he means by that, I refer you to [the blog of Father Zuhlsdorf](#) [1] where he addresses a question from a reader: "Is it a sin to fast during the octave of Easter?" That is what is meant by a self-referential Church.
