

Crazed GOP State Senator Greg Ball

Michael Sean Winters | Apr. 23, 2013 Distinctly Catholic

New York State Senator Greg Ball was on Piers Morgan's show last night, regarding a comment he made calling for the U.S. government to torture the suspect in the Boston Marathon bombing case. Mr. Ball cut out early because, being a coward, he could not answer the questions. Watch the video [here](#) [1]. This man is scary.

By way of contrast, Sean Hannity treated this crazed Mr. Ball with kid gloves. (Note, too, his reference to Alan Dershowitz - "great name" - what does that mean!) The video is [here](#) [2].

I will have more on this topic tomorrow.
