Stopping the NRA

by Michael Sean Winters

Distinctly Catholic

Our friends at Catholics in Alliance for the Common Good have an essay this week from Bill Buck, who founded the new group Americans for the Protection of Children. The group aims to take on the National Rifle Association where it obviously matters most - the ballot box. There being only 1000 people on the planet, as the saying goes, Bill and I worked together on the campaign of Gen. Wesley Clark in Little Rock back in 2004. You can discern some of his great wit in the new groups url which wins my vote for best url of the year: www.NRAenemy.org.
