

"Europe si, Acton no"

Michael Sean Winters | May. 23, 2013 | Distinctly Catholic

[Over at Vox Nova](#), [1] Morning's Minion takes a look at the arguments advocated by Samuel Gregg in his book "Becoming Europe" which I reviewed here last week. Morning's Minion has got some serious economic chops, which I lack, so I am delighted to bring his writing to readers' attention. He demonstrates that the European ways of structuring the economy are not the mess they are commonly portrayed to be.
