

German Press Hearts Francis

Michael Sean Winters | Jul. 9, 2013 Distinctly Catholic

[At the online version of Spiegel](#), [1] this round-up of commentary on Pope Francis' trip to Lampedusa shows a German press corps that is in love with the new pope. What a shame that this morning's Washington Post had a couple of paragraphs on page A6, lumped with other news briefs, about the Lampedusa visit.
