

Is God a White Racist?

Michael Sean Winters | Jul. 17, 2013 Distinctly Catholic

That is the question posed by professor Anthea Butler in an [article at Religion Dispatches](#). [1] The article is dripping with hatred and does little in the way of enlightening anybody, which is, one would think, what we look for from the professorate. Professor Butler's writings are the best evidence I have seen so far as to why we need to revise tenure systems.
