

## Pope Tweets An Often Forgotten Truth

Michael Sean Winters | Aug. 12, 2013 Distinctly Catholic

Pope Francis Tweets: "One cannot separate Christ and the Church. The grace of Baptism gives us the joy of following Christ in and with the Church." (h/t to Rocco) I couldn't agree more. The Holy Father is here echoing a line of DeLubac's that is a favorite: "What would I know of Him, but for Her?"
