

Fluke for Congress?

Michael Sean Winters | Feb. 4, 2014 | Distinctly Catholic

Sandra Fluke's rise to political stardom was something of a fluke itself. We know about her because Rush Limbaugh called her a "slut." [She is apparently now running for Congress](#) [1]. I suppose stranger things have happened, but it is not only strange, it is depressing for the future of the Democratic Party that a rise to stardom can happen because of one's stance on the contraception mandate.
