

## NCR reaches 50,000 Facebook likes

Pam Cohen | Apr. 22, 2014 NCR Today

Six months ago, [NCR's Facebook page](#) [1] hovered at around 10,000 likes. Since then, we've experienced meteoric growth, and over Easter weekend, we hit 50,000 followers who hail from all over the world, including some wonderful followers from the Philippines and Nigeria.

We are thrilled by this milestone and want to thank those who like us on Facebook for interacting with us there. Don't already like us on Facebook? You should -- in addition to getting the latest news and interacting with other fans of *NCR*, we also announce giveaways and special events.

And while you're at it, why don't you [follow us on Twitter](#) [2]? We promise good giveaways for those milestones, too!
